Profile

Motivated Computer Science & Engineering student with a strong foundation in **software development** and **full-stack web development**. Skilled in **C#, MVC, HTML, CSS, JavaScript, PHP, SQL, MySQL, and Git/GitHub** through academic projects. Passionate about building practical web applications, solving real-world problems, and continuously learning new technologies. Seeking a Software Engineering Role to apply my technical skills, contribute to real-world projects, and grow as a **Full-Stack Developer**.

Technical Skills

- Programming Languages: **C#, JavaScript, PHP, SQL, Python**
- Web Technologies: **HTML5, CSS3, AJAX, JSON**
- Frameworks & Architecture: **MVC Architecture**
- Databases: **MySQL, Oracle Database, Microsoft SQL Server**
- Development Tools: **Visual Studio, Visual Studio Code, Git, GitHub**
- Database Tools: **phpMyAdmin**
- Microsoft Office: **Word, Excel, PowerPoint**

Education

B.Sc. in Computer Science & Engineering

Aug 2022 - Present

American International University-Bangladesh (AIUB) - Dhaka, Bangladesh

CGPA: 3.21 out of 4.00

Higher Secondary Certificate (HSC)

2021

Dhaka Imperial College

Group: Science

GPA: 4.75 out of 5.00

Secondary School Certificate (SSC)

2019

Dhaka Collegiate School

Group: Science

GPA: 4.67 out of 5.00

Certifications

IT Essentials: PC Hardware and Software

Dec 2022

Cisco Networking Academy

Projects

Library Management System | Team Leader

Academic Project | PHP, HTML5, CSS3, JavaScript, AJAX, JSON, MySQL, MVC Architecture

- Led a team of four members to design and develop a **web-based Library Management System application** using **MVC Architecture**.
 - Developed the **Member Authentication** and Profile module, implementing **secure user registration, login, role-based authentication, session management, and profile management**.
 - Implemented **secure database operations** using **prepared SQL statements, server-side validation, and AJAX-based dynamic functionality** with **PHP, JavaScript, and MySQL**.
 - Project Link: github.com/UdayDey-Boss/-Web_Project_Spring_25_26_G2.git
-

Bazar Hisab – Smart Shopping & Expense Tracker

Personal Solo Project | PHP, MySQL, JavaScript, AJAX, JSON, MVC, Web Speech API

- Developed a **full-stack MVC web application** using core **PHP** and **MySQL** to digitize household expense management. Built an **interactive dashboard with real-time expense summaries, expiry alerts, and a one-click PDF/Print export module for business-ready reporting**.
 - Engineered an **intelligent Voice Command system** using the **Web Speech API** with a custom **Bangla parsing algorithm**, enabling accurate extraction of item names and quantities from Bangla voice input.
 - Implemented secure user authentication using **bcrypt password hashing** and **prepared statements** to protect against **SQL injection**. Built **AJAX-driven CRUD operations** (Add, Edit, Delete, Buy) to deliver a smooth, app-like experience without page reloads.
 - Project Link: github.com/UdayDey-Boss/Bazar-Hisab.git
-

Co-Curricular Activities

- Member of the **Winning Team – Robot Soccer Competition, AIUB CS FEST 2024**

Personal Attributes

- **Problem-Solving & Logical Thinking**
- **Leadership & Collaboration**
- **Quick Learner**
